

~~CONFIDENTIAL~~

CIA GUIDED MISSILE AND SPACE VEHICLE
ORIENTATION TRIP, 10-24 APRIL 1958

A. PERSONNEL:

25X1A9a

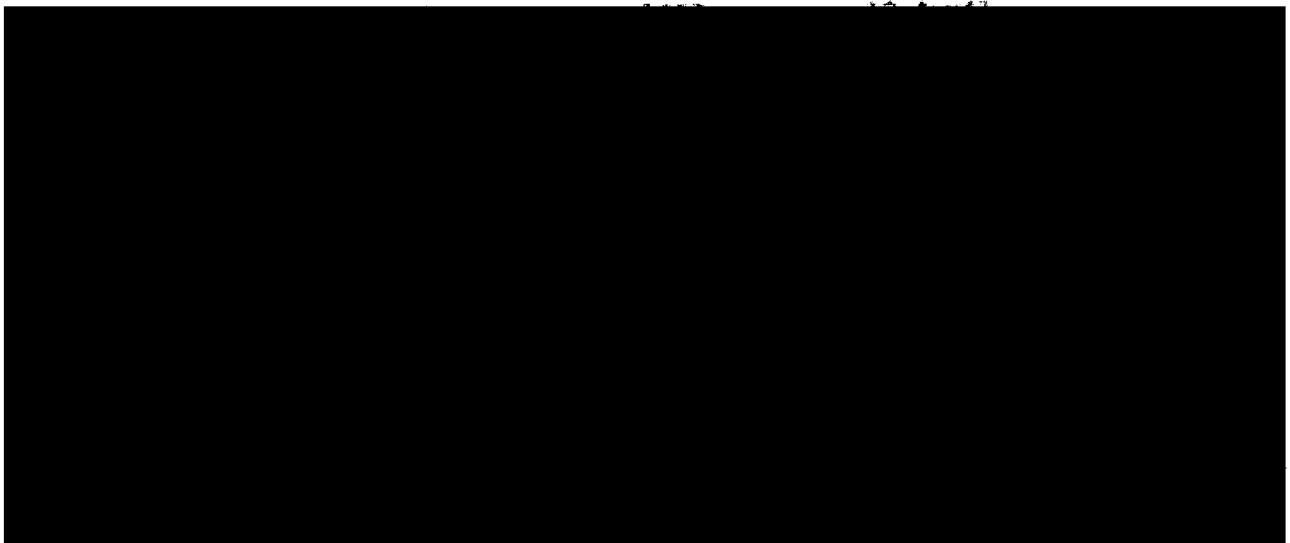

OSI	GS-16
ORR/I	GS-15
OSI/GMD	GS-14
ORR/PI	GS-14
OSI/GMD	GS-13

B. PURPOSES OF TRIP:

1. To acquire current knowledge of US guided missile and space flight activities and their inter-relationships, which knowledge is necessary to our assessments of foreign developments in similar fields.
2. To discuss specific problems being encountered in the space flight era and the actual and potential solutions thereto in terms of time scales, technological requirements, and discernible intelligence indicators.
3. To become familiar with SAC's intelligence operations and methodology particularly in certain highly classified areas. (Suitable clearances and justification will be forwarded separately.)
4. To locate or assist Personnel Office in locating suitable candidates for certain key GMD/OSI positions.
5. To follow-up on certain external contractual discussions.

C. ITINERARY:

25X1A

25X1A
